

**LDEQ ANSWERS TO PROPOSERS QUESTIONS
RFP No. 3000005962
“Conduct Performance Audits of Ambient Air Monitoring Sites”**

LDEQ’s answers to the following questions are intended to provide information to potential proposers questions to RFP No. 3000005962.

Questions and answers that may potentially result in the disclosure of information from proposals of competing bidders will not be published.

Question 1: What company is the current incumbent on this project?

LDEQ’s answer: URS Corporation

Question 2: How much has been spent in previous years with contractors to conduct the ambient monitoring auditing?

LDEQ’s answer: In Fiscal Year 2014-2015, \$75,210.00 was spent. In Fiscal Year 2015-2016, \$68,670.00 was spent.

Question 3: Would it be possible for the contractor to perform some of the audits on weekends, or is work restricted to M-F only?

LDEQ’s answer: Work is restricted to Monday through Fridays due to the fact that there will be someone from the Department present to observe the audits, help diagnose issues, and provide information, and M-F is the normal Department work schedule.

Question 4: Attachment 5 discusses the contractor's use of disadvantaged business enterprises. If awarded this contract, we do not see the need to subcontract any of the work, nor do we envision making any significant purchases on behalf of the client. Given this, would we be required to submit an annual procurement summary report to the Louisiana Department of Environmental Quality?

LDEQ’s answer: Yes, Attachment 5, Form A, MBE/WBE Procurements would be submitted on an annual basis 14 calendar days of the end of September 30th; “N/A” would be marked across the form to indicate no activity.
